KAPPA KAPPA KAPPA SOCIETY

PILLAR

HANOVER, NEW HAMPSHIRE

SPRING & SUMMER 2014

President's Message

Dear Tri-Kap Alumni,

As the sun sets on another beautiful summer in Hanover and the excitement of fall starts setting in, I hope this Pillar finds you and your family well. I am happy to report that the brotherhood remains strong and spirits are high as we head into a new academic year.

Spring term, although bittersweet, brought many great memories that we will cherish forever. During the last couple weeks of the term, despite the stress of finals, our brotherhood thoroughly enjoyed a heartfelt, two day bequeathals ceremony, where the seniors said goodbye to the house and passed down Tri-Kap heirlooms, a 20-person strong IM Softball championship win, and a fun-filled formal dinner and dance at Lake Morey resort. The '14s will always be welcome at the house just like all alumni, and we are confident that the successes they achieved at Dartmouth will continue to follow them into the real world.

Along with the Alumni Board, we were thrilled to welcome back the classes of '64, '73, '74, '75, '84, '89, '03, '04, '05, and '09 into our hallowed halls during June reunions this year. It is always a true pleasure to meet and spend time with the men who preceded us and to hear their stories and of their experiences. We do hope that reunions aren't the only time we'll be able to see you all; we encourage you to visit 1 Webster anytime you are in the area. To that end, all alumni and families are invited to join us over **Homecoming** for a reception and grill out at the house from **4 p.m. – 6:30 p.m. on Saturday, October 18** after the football game.

President's Message Cont'd

The '16s continued the tradition of maintaining high Tri-Kap standards during their sophomore summer. They grew as a class through brotherhood activities, programming events, house-improvement projects, and an impressive Masters victory. We are proud of the strides they've made and are looking forward to our next year with them.

We have high hopes for Fall Rush this year. Its success will be attributed not only to a great job by Rush Chairs **Keaton Renta '16**, **Brian Chalif '16**, **Charles Cai '16** and **Hector Iturbe '16**, but also an awesome job by all of the brothers, making our hallowed halls feel like home to many '17s. By the time this Pillar reaches you Rush will have taken place, but right now we are looking forward to a strong '17s class that will make a great addition to the brotherhood.

We continue to work closely with the Alumni Board on short term measures to both keep the old, code non-compliant house as safe and livable as possible and keep the local authorities satisfied. You can read about the necessary construction work and the urgent Tri-Kap Capital Campaign in James McKim '83's section below.

As you may know, it's easier than ever to remain connected to the brotherhood by visiting our Facebook group and our Blog, which are regularly updated by our Vice President **Manav Raj '15** with undergraduate happenings and events. There is also a LinkedIn group and an alumni page on the Tri-Kap website where you can view alumni happenings and search for other alumni in your area. As always, feel free to email kappa.kappa.kappa@Dartmouth.edu with any questions you might have about the house or stories that you would like to share from your time at Tri-Kap. We also hope you enjoy the Pillar and Shield sticker that we have enclosed with each newsletter.

As the air cools and the leaves turn colors and begin to fall, I hope you find your spirits high and your connection to the brotherhood ever strong.

Yours In Kappa,

Anka Tezcan '15
President

The vision for our future. Read about the **Tri-Kap Capital Campaign** and this critical time for Tri-Kap in the Board of Directors report within and online at www.tri-kap.com/campaign

Alumni Board Report

The Tri-Kap Board of Directors had a busy spring and summer helping to coordinate Alumni reunion events in Hanover, planning for regional reunions for the fall, and formally launching the Tri-Kap Capital Campaign.

The house hosted **several class reunions** in June. The class of '64 spent several hours touring the house, meeting undergraduates, and spending time with each other. Thanks to **Tom Clark '64** for helping organize his classmates; 16 of 19 '64s made it back to Tri-Kap, a fantastic turnout. Led by **Paul Mesches '74**, the classes of '73s, '74s, '75s headlined a reunion event that brought together 8 classes from 3 decades (please see the picture below). That Saturday, the '89s and classes of '03, '04, '05, and '09 said they felt at "home" while playing pong (not quite the same as we older alums know, but great fun nonetheless). I want to thank all the alumni that made it back to house during C&R, especially the alumni that helped coordinate their classes and fellow alumni!

The undergraduates are running into **increasing challenges** with the Lodge. As reported in the Summer President's message, the basement kitchen space accumulated enough mold to cause the Fire Department to threaten to close the house. The Board took the extraordinary step of temporarily closing the basement until the situation was addressed. As they always do, the undergrads rose to the challenge and got rid of the mold in time to appease the Fire Department.

The undergraduates cannot continue to deal with a basement that leaks through the foundation on their own. **Furthermore, the house remains out of compliance with building and safety codes.** The Fire Department informed us that if we are not in a position to begin construction in early to mid 2015, they will shut Tri-Kap down for the long-existing code violations throughout the house. **We must conduct comprehensive renovation as soon as possible.** Board members are in constant touch with undergrads to provide guidance and support. I'd like to thank **Bruce Williamson '74**, a Hanover resident and construction company owner, for providing guidance on house maintenance and dealing with the Town of Hanover. Long-term, we have launched our effort to conduct a **comprehensive renovation and expansion of the Lodge** to bring the house into compliance, rejuvenate the old building, and make 1 Webster Avenue more livable. **The Tri-Kap Capital Campaign** also aims to seed an endowment to ensure long-term maintenance is addressed periodically so that we are never in this position again.

The Fire Chief and the town have made it clear: **we must do this work in the next year.** We are entering negotiations

with the College for a loan to begin the work as soon as possible. We will use the Capital Campaign funds in conjunction with annual savings by the undergraduates to repay the loan. As of September 8, **we have raised \$590,000 in pledges** from over 190 alumni across more than 45 classes and 7 decades. We have over \$100,000 in cash with more coming in every day. We are in continual talks with individuals from amongst our ranks to grow our totals. We will need approximately \$250,000 in cash before we can secure the loan from the College. The more we have in the coming months, the smaller our loan obligation will be. So far, over half the alumni from the 2000 – 2012 classes have donated to the cause. With broad support across all alumni classes, we can quickly reach our \$3,000,000 goal. **We thank the alumni who have donated to secure Tri-Kap's future, and we encourage all alumni to join the effort.**

Campaign Chairmen **Sunil Bhagavath '03** and **Michael Brasher '10** are in discussions with some of you about sizable contributions. Class captains are reaching out as well. Some classes are considering sizable group donations.

The funds we are raising are for more than just the physical plant. In contributing, you will take comfort knowing that the Kappa Lodge will be a safe and suitable place for undergraduates to live, learn what we learned, and carry on the traditions of Kappa Kappa Kappa. You will also benefit from the opportunity to influence and shape the next generation of world leaders and connect with current leaders during reunions and programs we sponsor around the world. So, please consider donating what you can, and let us know what your thoughts and aspirations are for the brotherhood we all hold so dear. More information about the Campaign is available at www.trikap.com/campaign. Feel free to contact me at jtmckim@gmail.com or (603) 540-3988, Sunil at sunilsbhag@gmail.com or Michael at mwbrasher@gmail.com

Yours in Kappa,
James McKim '83
Alumni Board Chairman

Alumni at reunions in June

Summer President's Message

Brothers,

We undergrads here at 1 Webster enjoyed the weather and our sophomore summer, and we hope all our brothers, wherever they may be, have had great summers as well.

This summer, we encouraged brothers to participate in programming events such as going to the copper mines, paintballing, and grilling in the front yard. Earlier in the summer, we rented out the **Class of '66 Lodge** on the slopes of Moose Mountain and spent time together, grilling and hanging out around the fire. Our class and the '66s share the special Dartmouth 50 year connection. As much as we have been enjoying the Summer, we are looking forward to the Fall and the return of the '15 class.

The term has not been without challenges. During an inspection earlier this term, Hanover's new fire chief noted the safety issues with the mold growth in the basement bathroom and old kitchen area caused by the ground water that leaks in to those spaces, which has been a challenge for us for a number of years. Luckily, despite the demanding nature of the work and the short notice, we were able to remove the mold, repaint the walls with mold killing primer and mold resistant paint, and improve air circulation. We were able to satisfy the authorities and save the house thousands of dollars by rallying the brotherhood to work together to do the work in consultation with the Board of Directors and **Bruce Williamson '74**. We understand from the Board that those areas of the basement will be filled in as part of the reconstruction plans. The old lodge often presents us with challenges like these that we must overcome in our day-to-day operations. Nevertheless, we're glad to call 1 Webster Avenue home.

Overall, this summer has been a great experience for the brothers. This is our first time living in the house together as a class, and I truly believe we have grown closer as a class. We have had many alumni visit us over the summer and, of course we encourage you all to stop by the house if you are ever near Hanover. We would also like to thank you for your continued support of Kappa Kappa Kappa and look forward to communicating in the future.

Yours in Kappa,

Keaton Renta '16
Summer President

Tri-Kap Needs Your Help!

Homecoming

Join the Tri-Kap undergraduates and fellow alumni at 1 Webster Ave. anytime over Homecoming. In particular, we will be holding a post-game grill out from **4-6:30 p.m. on Saturday, October 18.** We look forward to seeing you there!

Treasurer's Report

Spring Treasurer Report

This spring brought many financial considerations for Tri-Kap. The brotherhood decided to forego a formal over winter term. Instead, we saved up for a large event and formal in the spring to honor the seniors. With this money, we cohosted a party featuring the electronic music group the Chainsmokers with GDX for Green Key and had another great formal at Lake Morey Resort. In addition, we used the savings to pursue house improvement projects. The brotherhood repainted the entryway and bathroom, and we hired a professional painter to work on the facade of the house before graduation and reunions. **Jeremy Thibodeau '14** and **Aaron Goone '14** overhauled the bathroom, and the we repainted the side porch as well. The brotherhood also enjoyed several BBQs and phenomenal rush events.

In an effort to improve the institutional memory of the treasurer position, summer Treasurer **Josh Tupler '16** and I are working on a an improved, comprehensive annual budget so that expenses can be more properly managed. Rents have increased to match college rent prices, and house dues have increased in order to have more money available for programming events. We will implement a savings plan to contribute funds each term to the Tri-Kap Capital Campaign.

I look forward to picking up where Tupler leaves off, continuing as treasurer in the fall.

Yours in Kappa,

Brett Szalapski '15
Treasurer

Alumni Dues

Please pay your alumni dues at <http://trikap.com/AlumniDues> or by writing a check to Kappa Kappa Kappa Society and mailing to **Terry Lowd '66**, P.O. Box 124, New Harbor, ME 04554

Summer Treasurer Report

We are now through our Summer term, and the fiscal situation at Tri-Kap continues to stay healthy. House rent and brotherhood dues were increased commensurately with inflating campus expenditures. The brothers have been working together in tightening budgets to help support the Tri-Kap Capital Campaign. Despite budget cuts, the brothers at Tri-Kap were able to enjoy numerous social and programming events, as well as work together on several house improvement projects. Among other events, the brothers at Tri-Kap spent a memorable weekend in Montreal.

This summer, we also set aside a significant portion of our term funds to work on the physical plant. In addition to fixing doors throughout the house, we re-designed the beach, bathroom, and great hall to provide ample brotherhood and social space. We will continue to work with the Board to undertake appropriate house improvements in conjunction with the renovations plans.

Overall, our operating budgets and monetary situation have become much stronger over the past two terms and we look forward to continuing to work with the Board of Directors to maintain financial health going forward.

Yours in Kappa,

Josh Tupler '16
Summer Treasurer

Brothers in Montreal this summer

House Manager's Report

Spring House Manager Report

Since the previous HM report, we have made further improvements made to our hallowed halls. During the spring term, the brothers came together to complete a sizeable list of projects. **Jake Bayer '16** and **Harrison Han '16** repainted the railing around the Beach (side balcony) and **Marty Gatens '15** and **Max Frenkel '14** re-stained the Beach. **Brett Szalapski '15** painted the yellow part of the first floor walls maroon to match the rest of the entrance. **Matt Graves '14** and **Nish Ravichandran '15** repainted the white trim leading from the first floor to the second floor. **Scott Nelson '14** and **Andres Ramirez '14** repainted the railing from the second floor landing to the GOTE Room. We also have a stylish new pong table in the basement, courtesy of **Manav Raj '15**, **Derek Leung '14**, **Ben Albrecht '16**, and **Danny Katz '16**.

Jeremy Thibodeau '14 and **Aaron Goone '14** beautified the bathroom in a major way. They scrubbed the mold off the shower tile and ceiling, repainted the whole ceiling with mold proof primer. They also repainted the stall and bathroom doors, and topped it off with some lovely potted plants between the mirrors. Another aesthetic change was repainting the front door. It use to be the wrong shade of green but is now the correct, Tri-Kap green.

All in all, significant improvements have been made by the brotherhood. We look forward to continuing to work with the Board to pursue renovations as per the Tri-Kap Capital Campaign.

Yours in Kappa,

Will Bollenbach '15, Jake Bayer '16, and Josh Schoenbart '16
House Managers

Summer House Manager Report

This summer, the housemen oversaw a plethora of changes to the household. First, the brotherhood addressed a problem of mold in the basement. Facing We got together as a class to clean up the back room which is a breeding ground for mold during the wet months due to groundwater that leads in from the outside. We power washed and repainted the walls with

mold killing primer, and improved our ventilation and air flow in the basement.

Second, brothers installed new furniture and hammocks on the beach. Now a comfortable and clean social space, we were able to utilize the beach as a social area and a place where brothers can get together and enjoy each others companies.

Third, brothers **Josh Tupler '16** and **Brian Chalif '16** **redid the bathroom** by repainting doors, replacing shower curtains, and adding new mirrors. The Bathroom has never looked better, and guests to the house have had glowing compliments, such as "it looks like a hotel bathroom".

Fourth and finally, we installed a large **projector and screen** in the first floor common room. The Great Hall has been completely redone with brand new couches and a large projector for brothers to get together to watch movies and sports. This, along with new lights and decor, has revived the first floor area to a popular communal area, and we all look forward to spending more time there in the coming terms.

In sum, the brotherhood has made several changes that should ameliorate living conditions in the house. This momentum will without a doubt continue well into the regular year.

Yours in Kappa,

Harrison Han '16 and Kelsey Justis '16
Summer House Managers

The Great Hall with the new furniture and projector

Social Chairmen's Report

Spring Social Chairmen's Report

This past spring the Tri-Kap social scene remained as entertaining as ever. The term was filled with a variety of events including a jam-packed Monday Night Freeze on the first night of the term, a quintessential college toga party themed semi-formal, the Chainsmokers concert over Green Key Weekend, an elegant formal at Lake Morey Resort and many others.

Over the spring, Tri-Kap bolstered relations with the eight Dartmouth sororities by having events with every sorority on campus. A disco themed event with Alpha Phi and a classy, martini tails with Tri-Delta sorority, were among the creative themes used for these well-attended and entertaining events.

Tri-Kap and Alpha Xi Delta sorority began a new event this past term of having brunch and mimosas on the front lawn of Tri-Kap on the Saturday of the Kentucky Derby, a day when many houses around campus now hold social events. Our guests loved the food, catered by Umpleby's Bakery, and the assortment of champagne, juices and other drinks provided by the brotherhood.

Yours in Kappa,

Robbie Bhattacharjee '15, Juan Nicholls '15, and Josh Tupler '16

Social Chairs

Some of our '14s before our Spring Formal

The brotherhood following Wednesday meetings

Summer Social Chairmen's Report

This summer, the house maintained a very active social calendar. Perhaps the highlight was a fantastic social event our brotherhood had with a close sorority of ours, Alpha Phi. The brothers of Tri-Kap and the sisters of Alpha Phi planned a memorable day in the sun by going cliff-jumping at the Copper Mines, located in South Stafford, VT, a scenic 30-minute drive from campus.

The afternoon was spent picking fresh raspberries near the copper mines, then jumping from various cliffs of 25-, 30-feet in height into the sparkling cobalt water. Brothers **Danny Katz '16** and **Ben Albrecht '16** were the only two to dare an even higher jump, claiming it was "the scariest thing that they had ever done."

After the brothers of Tri-Kap and sisters of Alpha Phi jumped to their hearts' content into the copper mines, we drove over to the newly opened Five Guys burger restaurant in West Lebanon, NH for some Cajun fries and double-bacon cheeseburgers. The APhis enjoyed the day so much that they suggested we grab dessert as well; so the day finally ended on a sweet note with ice-cream at Ice-Cream-4-U, with a stronger connection being formed between these two houses than ever before.

Yours in Kappa,

Joon Ho Baak '15 & Jake Bayer '16
Summer Social Chairs

Programming Report

Spring Programming Report

The focus of the Programming Chairs this past term was to organize and spearhead events to make the most recent Kappa Kappa Kappa class feel welcomed.

Our focus was on relaxed events at our house where we could all feel comfortable talking and getting to know each other at a more personal level. Sausagefeast was an event of great success with high recurring turnout. With the help of grillmaster, **Brian White '15**, we grilled a variety of sausages, burgers and hot dogs on the house's barbecue. Brothers enjoyed a relaxing afternoon feast while others ran around the property playing catch or newly-famous spikeball.

A staple of this past 14S spring term, as is tradition, was the **Brotherhood Lock-In**. We provided the atmosphere conducive to the lock-in discussion by ordering food for all present, and by sourcing discussion ideas from brothers beforehand. The latter helped in keeping the conversation flowing smoothly and running off on few tangents.

The brotherhood was also able to organize a programming brunch with the sisters of ΑΞΔ on Kentucky Derby day. In light of other fraternities and sororities organizing programming events centered around the equestrian competition, we thought it would be a great idea for the brotherhood to fraternize not only with each other but also with another social entity on campus. Floral dresses and pastel shorts were aplenty, as well as refreshing juices and southern style flavored iced teas. Everybody enjoyed the event very much, and the brotherhood has been able to nourish a relationship with the sisters of ΑΞΔ that started strong because of this event.

We are excited to have the opportunity to hold events for the brotherhood and friends. We hope to continue planning and executing more popular programming events in the Fall.

Yours in Kappa,

Martin Gatens '15 and Andy Solares '15
Programming Chairs

Summer Programming Report

At the start of the term, the brothers took a trip to the **Class of '66 Cabin** and spent the night there. We were able to come together as a class through cooking by a campfire, sharing stories and deliberating and deciding everyone's house nicknames.

On August 1st, the brotherhood came together in support of our masters teams. Our A team (**Charles Cai '16** and **Danny Katz '16**) made a deep run in the tournament en route to the finals. There, they swept XH B to win the whole tournament behind the full support of the brotherhood.

The brotherhood also took a trip up to Montreal. After checking into the beautiful Fairmont the Queen Elizabeth Hotel, we had an incredibly delicious dinner at Weinstein & Gavino's, a fine Italian restaurant. After dinner, brothers had some time to walk around and explore Old Montreal, mingle in some bars, and eventually, ended up at a club with a reserved table for the night. After nearly three hours, the brotherhood split up to explore some more around the city for the rest of the night.

During the **Sophomore Summer Family Weekend**, many '16s' families joined the brotherhood for an afternoon BBQ. Burgers and dogs were served up, and the turnout was fantastic on this sunny day.

Yours in Kappa,

Charles Cai '16 and Danny Katz '16
Summer Programming Chairs

Champs Danny Katz '16 and Charles Cai '16

Philanthropy Report

Spring Philanthropy Report

This past May, the brothers of Kappa Kappa Kappa participated in Dartmouth College's Relay for Life event, a walking marathon that benefits the American Cancer Society. With the help of many generous friends, family, and brothers, our team of **Andy Solares '15, Anka Tezcan '15, Manav Raj '15, Robbie Bhattacharjee '15, Scott Nelson '14, George Phillipose '15, and Brian White '15** raised over \$3,000, **the highest total among participating Dartmouth fraternities**. Our funding will help those suffering from cancer and their families through research, education, advocacy, and service. Despite some early rain showers, our team thoroughly enjoyed the event, which featured opening remarks from prominent cancer researchers at Dartmouth-Hitchcock Medical Center, along with food and games sponsored by each team, including gourmet grilled cheese from the master chefs of 1 Webster! We were incredibly proud to contribute to a cause so close to many of us and honored to have the support of brothers past and present. We are already looking forward to walking again next year!

Along with our contributions to Dartmouth's Relay for Life event, we also volunteered to help Students Fighting Hunger, a Tucker Foundation organization that helps cook and serve meals for residents of the Upper Valley. We hope to continue our relationship with the organization in to the future.

Yours in Kappa,

Brian White '15
Philanthropy Chair

Summer Philanthropy Report

This summer, the brotherhood of Kappa Kappa Kappa has participated in a variety of philanthropic events.

We raised more than \$500 for The Prouty, a charity effort, whose proceeds go directly to funding cancer research at the Norris Cotton Cancer Center at the Dartmouth-Hitchcock Medical Center. We also participated in Pelt-a-Delta, a dodgeball tournament. As a team, we donated money in support of the **St. Jude Children's Research Hospital**.

Furthermore, we have worked closely with the **Upper Valley Haven** on a variety of programs this summer. We helped bake and sell bread to raise money to help fund food, shelter, and educational programs for the children of homeless families. Additionally, we collected food and clothing donations from Hanover residents for the Haven.

All in all, I am proud to say that the brotherhood of Kappa Kappa Kappa has made a strong philanthropic effort this summer term. The brothers look forward to continuing to demonstrate our commitment towards service as part of our personal development.

Yours in Kappa,

Joseph Wang '16
Summer Philanthropy Chair

A newly made pong table emblazoned with the Tri-Kap Pillar and Shield before it was moved to the basement

Academic Report

Spring Academic Report

On March 26th, we hosted professor **Julie Kalish '91** at our house for an academic talk. Professor Kalish teaches at the Institute for Writing and Rhetoric and is also an expert on constitutional law. Along with her responsibilities at Dartmouth, she recently tried and won the case *Hackett v. Town of Franklin* in front of the Vermont Supreme court. She and her colleagues on the case were given Jonathan B. Chase Cooperating Attorney Award for their work with the ACLU.

Professor Kalish's talk focused on the first amendment and its implication for college students, but the discussion ranged from the recent Hobby Lobby Supreme Court case, which examined whether corporations are protected by the free-exercise of religion clause of the First Amendment, to freedom of speech on college campuses. Professor Kalish ended up staying at the house discussing a variety of topics with brothers for more than two hours.

Later in the term, we also had the opportunity to have another academic talk. **Brian Bowden** from the College Health Services came to meet a large group of brothers to discuss the dangers of addiction. From Mr. Bowden, we learned more about how to spot warning signs of addiction and how to approach the topic with friends who may have a problem. He also encouraged us to learn more about the resources the college has to offer regarding student health, which Tri-Kap takes seriously. We look forward to building on our schedule of talks in the Fall to further enrich the brotherhood.

Yours in Kappa,

George Philipose '15
Academic Chair

Summer Academic Report

The brotherhood continues to exhibit extreme commitment and contribution to the internal academic community at Dartmouth and external international world, whether it is in finance, music, government, or entrepreneurship.

Brian Chalif '16, just completed the four-week **Tuck Bridge program**, which provided an introduction to business, which Dartmouth does not offer. This

introduction to business culminated with team-based cash flow analysis, economic, marketing, financial and strategic analysis of Nike. Both **Juan Nicholls '15** and **Johnny Yoon '13** participated in the second session.

Josh Tupler '16 flew to Gent, Belgium to present at the 14th annual **Transatlantic Studies Association Conference**. He was a panelist with three other officers from across the world presenting about Canadian ballistic missile defense – he was the first undergraduate to ever present at this conference.

Joshua Schoenbart '16 spent a week participating in the **G20 Young Entrepreneurs Alliance Summit** in Sydney, Australia, as one of the eight representatives from the United States. There he was able to speak about his start-up, the Eyebook, an online aggregator of eye care professionals that Josh developed while in high school, and meet many entrepreneurial luminaries. Josh will be attending one of the largest tech conferences in the world, the **2014 Web Summit** in Dublin, Ireland as one of 19 selected Future Global Leaders.

We organized two discussions at Tri-Kap for this summer. The first talk was with **Paul Doscher, Tri-Kap class of 1966**. Doscher has had a long career in business and is currently working at Tuck as a Marketing Director. Doscher began with a brief talk of his life since graduating Dartmouth and then turned into a discussion about Tri-Kap and Dartmouth history. The second talk was with **Steve Swayne**, chair of the music department. Although a music professor, Steve instead talked about his thoughts on the current events regarding the Ferguson news – the lecture was titled, "What Ferguson Means/How Ferguson Feels: The Thoughts of a First-Generation African-American College Kid Who Became a Dartmouth Professor."

These are just a few examples from this term, but every Tri-Kap brother is a crucial part of the academic community at Dartmouth and the house continues to strive to have a strong academic presence on campus.

Yours in Kappa,

Brian Chalif '16
Summer Academic Chair

Athletic Chairman's Report

Spring Athletic Chairman's Report

This spring, the brotherhood was able to successfully keep our intramural championship streak alive by winning the **IM Softball League**. With a strong outfield defense and consistent batting, we came from behind in every game and come out on top. The championship game against Alpha Chi Alpha proved to be our most difficult game of the season. However, with the help of **Anthony Zhao '14** and **Charles Cai '16**, we were able to come back from a 10-8 deficit in the bottom of the sixth inning. Strong participation from the brothers of all of the classes made our success possible.

In the Fall, with a new class joining our brotherhood in the Fall, we look forward to continuing our streak and establishing an era of Tri-Kap dominance in intramural sports.

Yours in Kappa,

Eric Do '15
Athletic Chair

Summer Athletic Chairman's Report

Coming off a spring IM championship in softball, we were set to do well for the summer season. We advanced to the knockout stages as the first seed from our group. Brothers **Charles Cai '16** and **Brian White '15** led the way for Tri-Kap. After a very good run, we were knocked out by AD in a close 2-0 loss.

Coming off a championship run in the fall, Tri-Kap was also set to do well in the IM Soccer league for the summer. Led by the play of club soccer player **Hector Iturbe '16** and brothers **Keaton Renta '16** and **Eric Chalif '16**, Tri-Kap was set to advance into the knockout stages with a good seed. However, due to a misunderstanding with a grad school team we had to forfeit that match. That technicality eventually cost us our bid in the knockout stages. The fall will bring back a couple of other club soccer brothers and Tri-Kap will be set to defend our fall IM soccer title.

Yours in Kappa,

Eric Chalif '16
Athletic Chair

Class of 2014

At the end of the Spring, the class of 2014 graduated and left the College. We will miss them deeply, and we wish them the best of luck in all endeavors and hope to see them soon:

Andres Ramirez '14 is working at Target in Minneapolis as a Toys/Sports Business Analyst.

Nate Reznicek '14 is working in Hanover at the US Army Corps of Engineers Cold Regions Research and Engineering Lab as a Research Physical Scientist.

Derek Leung '14 is working at L.E.K. Consulting in Boston.

Chris Richardson '14 is working at Ridgeway Partners, an executive search firm, in Boston.

Sanders Davis '14 is teaching and coaching football at Catholic High School in Baton Rouge, Louisiana.

Andrew Li '14 is working at Bank of America/Merrill Lynch in New York City.

Anthony Zhao '14 is in Hoboken, New Jersey working as a Manager Trainee at McMaster-Carr, a large, private industrial supplier.

Chris Clark '14 is working as a business development analyst at Symphony Commerce in San Francisco.

Kyle Bojanowski '14 is working at M.I.T.'s Lincoln Laboratories in Boston, doing engineering research for camera systems of satellites.

Jeremy Thibodeau '14 is finishing up production of a feature film he directed and produced, "The Union", and will then be moving out to Los Angeles to work with a production company.

Max Frenkel '14 is taking some time off and traveling to Asia & Australia before joining the workforce in Silicon Valley.

Matt Graves '14 is living in Manchester, NH working for Scott Brown's U.S. Senate campaign.

Yun Young Jung '14 is finishing classes at Dartmouth in the fall and will be working at an investment bank in New York City following his graduation.

Scott Nelson '14 has been developing an Android mobile phone application for a tech company, and will be moving to Washington D.C. or San Francisco by the winter.

Parth Kaul '14 is working in investment banking at Rabobank in New York City.

Steve Prager '14 is in Boston working as a consultant for McKinsey.

Aaron Goone '14 is living in Norwalk, CT and working in asset management at for Bridgewater Associates.

Kevin Miao '14 is working as a software architect at Medicaid-Genius.com in the New York City area.

The '14s on their Sophomore Summer cabin trip at the Class of '66 Lodge located on the slopes of Moose Mountain. From left to right: Kevin Miao, Nate Reznicek, Andres Ramirez, Andrew Li, Yun Jung, Kyle Bojanowski, Aaron Goone, Scott Nelson, Matt Graves, Max Frenkel, Anthony Zhao, Chris Richardson, and Parth Kaul. Not pictured: Sanders Davis, Derek Leung, Jeremy Thibodeau, Chris Clark, and Steve Prager.

In Memoriam

Paul J. Barnico '49 Th '51

Paul J. Barnico '49, Th '51, passed away at his home in Beverly, MA, on March 2, 2014, at age 86. He entered Dartmouth from Ansonia (CT) High School in 1945, the recipient of a Brooker Scholarship. His studies were suspended for service in the U.S. Army. He returned to Dartmouth on the G.I. Bill of Rights and graduated with bachelor's and master's degrees in mechanical engineering in 1950 and 1951. He was a member of Kappa Kappa Kappa fraternity and, as he put it, the Hap and Hal's Diner and Hanover Inn Garage "alumni clubs." His roommates included "Brud" Becker '49 and Herb Gramstorff '49.

One Tri-Kap story he loved to tell: When Tri-Kap displaced Beta as the fraternity with the lowest grade point average, the brothers of Beta, dressed in robes and carrying torches, proceeded across Webster Avenue to Tri-Kap for a ceremony in which an emblem of academic futility was solemnly transmitted with all best wishes for continue "success."

Upon graduation from Thayer, Paul commenced a 37-year career in the aircraft engine business at General Electric in Lynn. One of his teams designed and manufactured the GE T-58 turboshaft helicopter engine; variants of the original still power the president's helicopter ("Marine One") and other aircraft today. He once wrote that he "felt privileged to have worked for so long with so many talented, industrious people in so many different functions as GE-Lynn, including design engineering, manufacturing engineering, line manufacturing, and project development and marketing." Upon retirement from GE in 1988 Paul served for 26 years on the Beverly Airport Commission. In 2013 he was honored by a resolution of the Beverly City Council citing his many contributions to the airport.

He was a long-time alumni interviewer of applicants to Dartmouth, president of the North Shore Dartmouth Club, and member of the Dartmouth Society of Engineers.

Paul was pre-deceased by his beloved wife, Katherine McGoe Barnico, in 2001. He is survived by son Tom '77 and daughter-in-law Kate, daughter Karen and son-in-law Jeff Lee, daughter Lauren and son-in-law Ed Doherty, and seven grandchildren, including Kristen Barnico Th '09 and her fiancée Bob D'Angelo '08, Th '09, '11.

Joseph J. Buckley '44

Age 91, of Minneapolis, MN & Naples, FL passed away October 11, 2013 at his home in Naples. Dr. Buckley was born in Methuen, MA to Alice L. and Thomas I. Buckley. He graduated from Edward F. Searles High School, Methuen in 1940 and Dartmouth College (AB) in 1944. After graduating from New York Medical College (MD) in 1946, he interned at U.S. Naval Hospital, Chelsea, MA, and then served as a Medical Officer, U.S. Navy Medical Corps, aboard USS Nereus, AS17, Submarine Squadron 7, Pacific Fleet from 1947 to 1949. In 1950, Dr. Buckley entered the University of Minnesota Medical School's Anesthesiology Residency program. The discoveries by Dr. Buckley and his colleagues changed the basic tenets of the anesthesia process as it was known at that time and paved the way for advances in the science.

Among his many professional accomplishments, Dr. Buckley made history in 1954 as an anesthetist in the world's first successful open heart surgery, using cross circulation and hypothermia. In 1957, he and Dr. F.H. Van Bergen established the first pulmonary function laboratory and respiratory ward at the University of Minnesota Hospitals, a precursor for the Intensive Care Units of today, where they treated more than 300 patients with tetanus and other conditions requiring prolonged expert ventilator support. In 1978, Dr. Buckley succeeded Dr. Van Bergen as the head of the Department of Anesthesiology at the University and guided the department until his retirement in 1988. The Joseph J. Buckley Chair in Anesthesiology was endowed at that time. In 1999, the University dedicated the Joseph J. Buckley Library of Anesthesia. Dr. Buckley was very active in a number of medical and anesthesia societies and organizations, some until the time of his death. He was highly respected for his innovative research and leadership and much beloved by his students.

In 1945, he married Grace M. Brown, RN. Together, they raised sons Joseph Jr. (Mary Jo), Mora MN and Paul T., Marathon FL, and daughters Patricia A. Kingsley (W. Scott) Brookeville MD and Diane M. Milan (Bruce) Bloomfield Ont. Canada. Mrs. Buckley died in 1983. In 1987, he married Judith Kairies, RN, who survives him as his loving wife, best friend and caregiver. He is also survived by 2 granddaughters, Eileen Kingsley-Hamm (Tony) and Eve Kingsley Booth (Brian), and 2 great granddaughters, Aurora and Anja Booth.

In Memoriam (Cont'd)

Antony S. Rodolakis '60

Antony S. Rodolakis '60 of Westfield, Massachusetts, passed away January 11, 2014, in Western Massachusetts Hospital. He was born in Springfield, Massachusetts, January 17, 1939, to the late Stelianos and Amelia Rodolakis of Crete. He was predeceased by his brothers Harry, Michael and Mano and sister Theresa. Tony graduated from Springfield Technical High School and received degrees from Dartmouth and the University of Maryland. At Dartmouth Tony majored in physics and was a member of Kappa Kappa Kappa. He worked as a physicist for Naval Ordnance Laboratories in Washington, D.C., and retired as a stockbroker for Merrill Lynch. An avid sports fan, he was also interested in politics and the stock market. Tony developed the first quantitative stock options trading program and published it in his book, Options on a Shoestring, in 1976. His groundbreaking research led to a new field of study in economics. He leaves his brother Mark and his wife, Cynthia, and several nieces and nephews. Tony's Tri-Kap classmates often visited Tony and Cynthia in Massachusetts before his passing. At the Los Angeles Tri-Kap reunion in early 2014, Bill Danforth '60 led the assembled group in a rendition of the Tri-Kap Marching Song in honor of Tony.
